

The 'duty of candour'

The duty of candour The Health (Tobacco, Nicotine etc. and Care) (Scotland) Act 2016 (The Act) and The Duty of Candour Procedure (Scotland) Regulations 2018 (the Regulations) set out a new Duty of Candour.

The Act and the Regulations require organisations providing health services, care services and social work services in Scotland to follow a formalised procedure when there has been an unintended or unexpected incident that results in death or harm (or additional treatment is required to prevent injury that would result in death or harm).

The purpose of this new duty is to ensure that providers are open, honest, supportive and providing a person-centred approach.

Our legal obligations

1. Duty of Candour Procedure

As a provider of an independent social care service, we are required to develop and implement a duty of candour policy that describes how we/our staff will act in the event of an unintended or unexpected incident that results in death or harm (or additional treatment is required to prevent injury that would result in death or harm).

The key stages of the policy must include:

- Notify the person affected (or family/relative where appropriate).
- Provide an apology.
- Carry out a review into the circumstances that led to the incident;
- Offer a meeting with the person affected and/or their family, where appropriate.
- Provide the person affected with an account of the incident.
- Provide information about further steps taken.
- Provide support to staff notifying the person affected by the incident.
- Prepare and publish an annual duty of candour report (see below).

GLASGOW **EAST END COMMUNITY** CARERS

Preparing the duty of candour procedure:

We will consider the following points when preparing the duty of candour procedure and annual report:

- How we will identify the incidents that trigger the Duty of Candour procedure, as outlined in section 21 of the Act?
- We are satisfied our staff understand their responsibilities and we have systems in place to respond effectively?
- Who do we need to engage with to satisfy ourselves we can meet the responsibilities of the Duty and deliver the requirements outlined in the Act?
- What systems we have in place to support staff to provide an apology in a personcentred way and how we support staff to enable them to do this?
- Do our current systems and processes provide the information required to report on the Duty of Candour?
- How we will align our duty of candour annual report with other reports we are required to provide, such as feedback and complaints, significant events reviews, case reviews etc.?
- What training and education we have at present that will support the implementation of the Duty? This could be training that considers issues such as how to give an apology, being open, meetings with families, dealing with difficult situations.
- What we have available for people involved in invoking the procedure (staff) and those affected (staff and service users)?
- How we currently share lessons learned and best practice around incidents of harm? Could this be improved in any way?

2. Duty of candour annual report

We must prepare and publish a duty of candour report at the end of each financial year, providing information about when and where we have applied the duty of candour. This annual report will be published on our website.

NB: Even if you do not implement the duty of candour procedure in a given year, you are still required to produce a short report that contains information about staff training on the duty of candour obligations

Duty of Candour Annual Report

Every Social Care enterprise must be open and honest with service users when something that goes wrong with their service or care causes, or has the potential to cause, harm or distress. Services must tell the service user, apologise, offer appropriate remedy or support and fully explain the effects to the service user. As part of our responsibilities, we must produce an annual report to provide a summary of the number of times we have triggered duty of Candour within our service.

Name & address of service:	Glasgow East End Community Carers, Academy House , 1346 Shettleston Road, Glasgow G32 9AT
Date of report:	5th April 2022 (for period 1 st April 2021 – 31 st March 2022)
How have you made sure that you (and your staff) understand your responsibilities relating to the duty of candour and have systems in place to respond effectively?	The values and attitudes of the team is underpinned by adherence to the Scottish Social Services Council's Code of practice for Social Service Workers and employees. Staff are aware of the importance of candour through induction training where they will learn all the policies and procedures of the organisation.
How have you done this?	
Do you have a Duty of Candour Policy or written duty of candour procedure?	Yes
